

RhinoClean™

PRODUCT DATA SHEET

SW305™ Screen Wash Degradent

Description

- A Low Odor, soy based, water-soluble screen wash designed to work quickly on Plastisol Ink.
- Ideal for efficient and expedient screen washing after the press run.
- Has a very high flash point, over 425° F
- Biodegradable, non-toxic and environmentally friendly and meets the new VOC regulations, rule 1171.

Directions

1. To remove ink from screen images, apply SW305™ to squeegee-side of screen and wipe clean.

To clean screen following production run 1) scrape off remaining ink; 2) apply SW305™ to both sides of screen with a brush and wipe clean with towel or rinse with water.

It is the responsibility of the screen printer to test the product; review the MSDS prior to use to evaluate whether or not the product is correct for the application intended.
